

SIXTY-FIFTH ANNUAL REPORT

of the

PROCEEDINGS AND DECISIONS

of the

**STATE TAX COMMISSION
OF MISSOURI**

BRUCE E. DAVIS, *Chairman*

RANDY B. HOLMAN, *Commissioner*

JEFF W. SCHAEPERKOETTER, *Commissioner*

SANDY WANKUM, *Administrative Secretary*

JENNIFER TIDWELL, *Commissioner**

**Term Expired*

**For the
YEAR ENDING DECEMBER 31, 2010**

I, Sandy Wankum, Administrative Secretary of the State Tax Commission, hereby certify that the following is a true and correct copy of the Proceedings and Decisions of the State Tax Commission, including its proceedings and decisions while acting as a Board of Equalization of the State of Missouri for the year ending December 31, 2010, and is published in compliance with Section 138.440, Revised Statutes of Missouri.

Dated at Jefferson City, Missouri, this 31st day of December, 2010.

SANDY WANKUM
Administrative Secretary

LETTER OF TRANSMITTAL

Jefferson City, Missouri
December, 2010

To the Ninety-Seventh General Assembly of the State of Missouri:

In compliance with the provisions of Section 138.440, Revised Statutes of Missouri, the State Tax Commission of Missouri herewith submits its Sixty-Fourth Annual Report of the Proceedings and Decisions relative to the work of the Commission for the year 2010.

BRUCE E. DAVIS, *Chairman*
RANDY B. HOLMAN, *Commissioner*
JEFF W. SCHAEPERKOETTER, *Commissioner*

SANDY WANKUM, *Administrative Secretary*

State Tax Commission Annual Report - 2010

RECOMMENDATIONS TO THE MISSOURI LEGISLATURE SECTION 138.380(4), RSMO

The State Tax Commission applauds the General Assembly in the passage and enactment of Senate Bill 588 and House Bill 1316 during the 2010 legislative session. This essential legislation provides clarity and transparency in the dissemination of critical property tax information to the taxpayer. The statutory language provides the taxpayer timely data depicting the value of the taxpayer's real property and the potential tax implications associated with those assets. Additionally, the language in this legislation facilitates the efficient delivery of the assessment process resulting in the elimination of unnecessary expenditures.

The real estate market in the State of Missouri continues to be somewhat volatile. Market data indicates de minimus regression in the value of real property in 2010. Additional information further suggests that values will plateau in 2011 and a slight increase in values could be realized by the third quarter. The Commission continues to work in concert with the appraisal community to closely monitor the markets and communicate our findings to the General Assembly.

The property tax continues to be a reliable and stable source of revenue providing the fundamental local services demanded by the public. Property tax generated \$6.2 billion of revenue in 2010 providing the financial foundation to fund public schools, local government and other local political subdivisions. The property tax remains the underpinning which ensures that autonomy is realized and retained at the local level.

Traditionally in this annual report, the Commission offers a myriad of recommendations to the General Assembly to improve the quality of the assessment program in the State of Missouri. The Commission, although fully aware of the State's budgetary constraints, feels strongly that essential elements are needed to improve the assessment program. These elements include a centralized uniform assessment system, enhancement of assessor education and training, and fully funding the assessment maintenance program. In light of the limited financial revenues available, the Commission is providing a recommendation to the General Assembly which does not require additional resources but will result in significant savings.

The Commission respectfully recommends to the General Assembly that statutory language be enacted providing for the statewide utilization of a sales disclosure declaration. Undeniably, mandatory sales disclosure universally is recognized by the assessment community as the "silver bullet" in ensuring uniformity in the treatment of taxpayers in this state.

Sales Disclosure Declaration: The State Tax Commission cannot over-emphasize the need for sales disclosure in Missouri. We renew our appeal to the General Assembly to develop statutory language mandating the use of statewide certificates of value. Unequivocally, the most important tool for the assessor is the ability to secure critical market data accurately reflecting market behavior. Sales information is the

State Tax Commission Annual Report - 2010

cornerstone of an assessment program intended to provide uniform and equitable assessments. According to a survey published by the International Association of Assessing Officers, (IAAO) thirty-six states have some form of sales disclosure codified in their state statutes and only six states, including Missouri, that do not have either a sales disclosure or other instrument for which sales prices may be derived. In the State of Missouri, the political subdivisions of St. Louis City, St. Louis County, Jackson County and St. Charles County have passed, through local ordinances, certificates of value. The sales disclosure documents used in these jurisdictions represent nearly 50% of locally assessed real estate in the State of Missouri. Counties that do not possess certificate of value only receive a return of 15-25% on sales letters submitted. This low return is woefully inadequate to accurately represent market behavior.

In its review of State Tax Commission ratio study procedures, the IAAO recommends that the Commission and the Missouri Assessors' Association work with the General Assembly toward the implementation of state mandated sales price disclosure in all counties. The IAAO study points out that the American Bar Association's Tax Section has also issued a recommendation on disclosure of essential data concerning real property transfers. The IAAO cites the IAAO Standard on Ratio Studies which states that assessing officers in jurisdictions without laws mandating full disclosure work under a severe handicap and should seek legislation providing for such disclosure.

Assessment uniformity cannot be achieved on a consistent basis without the benefit of having accessibility to accurate sales data. The inadequate sales data severely thwarts the attempt by assessors to facilitate uniform and equitable assessments throughout the State. Passage of a statewide certificate of value will provide critical sales data which will pave the way for the full implementation of a sales/appraisal ratio study resulting in lower operational costs and more concrete results.

Legislation will be introduced in 2011 to provide for the statewide utilization of sales disclosure. The Commission respectfully requests that the General Assembly reconsider this issue and provide assessing officials of this State with an invaluable instrument to help preserve the integrity of the assessment program.

Respectfully submitted,
STATE TAX COMMISSION OF MISSOURI
Bruce E. Davis, Chairman
Randy B. Holman, Commissioner
Jeff W. Schaeperkoetter, Commissioner

State Tax Commission Annual Report – 2010

CHAPTER I

THE HISTORY, NATURE AND FUNCTION OF THE STATE TAX COMMISSION

A. History of the State Tax Commission.

The Missouri Constitution of 1945 created the State Tax Commission of Missouri in its current form. Article X, Section 14 of that constitution requires the General Assembly to create a tax commission for the purpose of performing three (3) functions:

- (1) Equalization of assessments as between counties;
- (2) To hear appeals from local boards of equalization in individual assessment cases; and
- (3) To perform such other duties as may be prescribed by law.

Prior to 1945 and the adoption of the most recent Constitution of Missouri, the function of the Commission was divided between two bodies: the State Tax Commission, which was created in 1917, and had authority over individual appeals in assessment cases, and supervisory authority over assessing officials, and the State Board of Equalization which performed the function of equalization of value among counties. The 1945 Constitution merged these bodies into one, creating the current constitutional and statutory entity now called the State Tax Commission of Missouri.

B. Nature and Organization of the State Tax Commission.

The State Tax Commission is constituted of three members, chosen from the two major political parties, appointed by the Governor with the advice and consent of the Senate. The Commissioners hold staggered terms of six years. Section 138.190, RSMo. A majority of the commissioners must concur before the Commission can make a decision on any matter before it. Section 138.240, RSMo.

The staff of the Commission is divided into five sections:

- (1) Administration;
- (2) Legal;
- (3) Ratio Study;
- (4) Original Assessment; and
- (5) Technical Assistance.

- (1) The Administration Section is under the direction of the Administrative Secretary, who is charged with the statutory duty to superintend the clerical business of the Commission, handle correspondence, supervise general office procedures, implement Commission policy, and perform such other duties as the Commission prescribes.

State Tax Commission Annual Report – 2010

- (2) The Legal Section is under the direction of the Chief Counsel, who is charged with the responsibility to render legal advice to the commission and coordinate litigation matters with the Attorney General's Office. The Chief Counsel also has the duty of overseeing the attorneys who conduct hearings in assessment appeals before the Commission and assisting the Commission in the preparation of decisions and orders, including findings of fact and conclusions of law, in individual assessment appeals.
- (3) The Ratio Study Section is charged with conducting ongoing ratio studies to verify assessment levels for equalization purposes. The section has a manager, an assistant manager, and a statistician as well as field personnel.
- (4) The Original Assessment Section is charged with the Commission's annual duty to assess distributable property held by public utilities, railroads and other related entities.
- (5) The Technical Assistance Section is composed of a manager, assistant manager, and field staff whose primary duty is to assist counties in implementing their maintenance program and to provide additional assistance in any matters pertaining to assessment practices.

The State Tax Commission currently has 54 authorized employees to perform its constitutional and statutory responsibilities.

C. Functions of the State Tax Commission

- (1) Supervision of Assessment Practices and Equalization.

One of the primary tasks performed by the Commission is the supervision of assessing officers and assessment practices in the state.

Section 138.410.1 provides this connection:

"This commission shall exercise general supervision over all the assessing officers of this state, over county boards of equalization and appeal in the performance of their duties under this chapter and all other laws concerning the general property tax and shall institute proper proceedings to enforce the penalties and liabilities provided by law for public officers, officers of corporations and individuals failing to comply with the provisions of this chapter, and of all laws relating to the general property tax."

Subsection 2 of Section 138.410 empowers the Commission to call upon the Attorney General or prosecuting attorneys in the state to assist it in enforcing the property tax laws in the courts.

In implementing its supervisory role, the Commission is in constant contact with the assessors of the state, communicating administrative, legal, appraisal and technical advice to assist assessors in the performance of their duties. This supervisory role is also evidenced by certain statutes relating to specific assessment areas. Under Section 138.235.2, the Commission is charged to see that leased tangible personal property in the state is properly taxed. In addition, a member of the Commission or some duly authorized representative thereof, must officially visit the several counties of the state at least once each year and inquire into methods of assessment. Section 138.415. The Commission also has the authority to convene a hearing concerning the assessment on any parcel in the state to ensure

State Tax Commission Annual Report – 2010

that all assessments have been made in compliance with law. Sections 138.460 and 138.470. However, it should be noted that the Commission is specifically prohibited from supervising "the fixing of any tax levied or to be levied" by any political subdivision or taxing authority in the state. Section 138.340.1.

One of the most important and far-reaching supervisory functions performed by the State Tax Commission of Missouri is the program for the statewide equalization of real property assessments. This program had its genesis in the Missouri Supreme Court Decision of *State ex rel. Cassilly v. Riney*, 576 S.W.2d 325 (Mo. banc 1979), wherein the Supreme Court of Missouri found the system of assessment in St. Louis County to be in violation of the uniformity provisions of the Missouri Constitution. The Supreme Court further stated that the State Tax Commission had the responsibility to resolve the assessment inequities in that county, and throughout the state where they exist, and possessed administrative powers commensurate with that task. In addition, the *Cassilly* case effectually overruled a long line of Missouri cases that held that the State Tax Commission had no authority over intra-county equalization of assessments, but could only exercise authority to equalize assessments on an aggregate basis as between counties.

The first mandated statewide reassessment program was completed and implemented in 1985. Subsequent to the completion of statewide reassessment, the State Tax Commission administers a two-year maintenance cycle in which property values are updated in each odd-numbered year. The two-year cycle commenced with the 1987 tax year.

(2) Assessment Appeals in Individual Cases

As previously noted, one of the constitutional duties imposed upon the Commission is the hearing of assessment appeals in individual cases. Every person who thinks himself or herself aggrieved by the assessment of property may appeal to the county board of equalization in person, by attorney or agent, or in writing. Such appeals shall be lodged with the county board of equalization on or before the second Monday in July (Section 137.275), except in first class counties, where appeals are due before the third Monday in June unless the board extends that deadline. Section 137.385.

The county board of equalization meets annually in every county and the City of St. Louis to consider such appeals. In most second class counties and counties of the third and fourth classes, the county board of equalization meets on the third Monday of July of each year to consider complaints filed by taxpayers. In first class counties and the City of St. Louis, the boards of equalization meet the first Monday in July (138.090) and operate until July thirty-first, except charter jurisdictions which operate until the fourth Saturday in August. Sections 138.050, 138.100, and 138.170. In years of general reassessment, the boards in all jurisdictions may begin meeting after July first. Sections 138.010, 138.090, and 138.170.

Appeals from the decisions of the board in all counties and the City of St. Louis must be filed with the Commission by September thirtieth of the year of assessment or within thirty days of the decision of the board of equalization, whichever is later. Sections 138.010, 138.460.2, and 12 C.S.R. 30-3.010. Appeals are generally heard by a hearing officer of the Commission. A record of the

State Tax Commission Annual Report – 2010

proceedings is prepared and a decision, including full findings of fact, conclusions of law, and an order to county officials, is thereafter issued. The decision of the hearing office may be appealed to the full Commission (section 138.432), and, under the provisions of Section 138.470.4 and Chapter 536, the Commission's final decision is reviewable by the circuit court in the county where the appeal originated.

(3) Original Assessment

Under Sections 137.022, 138.420, Chapters 151, 153 and 155, RSMo, the Commission performs its duty of original assessment of distributable property held by public utilities, railroads, freight line companies, airlines and related entities. Annually, the Commission receives a report from affected public utilities, railroads and airlines not later than April 15. Section 151.020.1; 155.020; 12 CSR 30-2.011. The Commission thereafter must "assess, adjust and equalize" the distributable property of these companies. Section 151.060.1.

The Commission also has the power of original assessment over all "real and tangible personal property in the possession of any assessing officer on January first." Section 138.420.4.

(4) Inter-County Equalization

Under Chapter 138 and the Missouri Constitution, Article X, Section 14, the State Tax Commission must equalize the aggregate valuation as between counties of certain "subclasses" of real and tangible personal property.

(5) Miscellaneous Functions

Pursuant to Section 53.255, the Commission certifies assessors who have completed a course of study concerning the assessment of ad valorem property taxes. Each assessor must complete a course of study approved by the Commission as a qualification for commencing or continuing in office.

The Commission has the general duty to study the tax laws and taxing systems of other states and make recommendations to the General Assembly on needed tax legislation, Section 138.380(4), as well as to give advice and opinions on all questions of doubt as to the true and intent meaning of the provisions of Chapter 138, relating to the equalization and review of tax assessments. Section 138.320. Also, the Commission has the authority to place omitted property on the assessment rolls any time during the tax year. Section 138.380(3).

CHAPTER II

ORIGINAL ASSESSMENT & APPELLATE FUNCTIONS

PROPERTY SUBJECT TO ORIGINAL ASSESSMENT

The State Tax Commission has the exclusive power of original assessment of the distributable property of railroads, street railroads, bridges, telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies, express companies and other similar public utility corporations, companies and firms. The three classic approaches to value (cost, income, and market), when applicable, are utilized to estimate the market value of originally assessed companies and corporations. Additionally, the flanged wheel equipment of private car companies is originally assessed.

The Commission requires each company to provide an annual itemized report of physical property, a financial statement and such other information as will enable the Commission to study each particular company. After an assessment is made, dates are set for informal hearings. Each company is notified and given an opportunity to be heard before a final assessment is determined. Thereafter, the Commission certifies a final value to the companies. After determining the final value, the Commission allocates the valuation of each company, except private car companies, among the counties, road districts, cities, towns, sewer districts, ambulance districts, county library districts, and nursing home districts, etc. in which the company has mileage or other taxing situs, and certifies the same to the county clerks and the companies subject to original assessment. Valuations as assessed by the State Tax Commission are shown in Chapter V, Table I of this report.

If a company wishes to formally contest the value, an appeal must be made to the Commission within thirty days after the company receives the final assessment. The Commission, with the aid of an assistant attorney general, hears the case on the record. A decision is issued and, in the event of an unfavorable decision, the company may appeal to circuit court.

The assessment and appeal procedures for commercial aircraft of airline companies, as well as those over 3,000 pounds take-off weight and not owned by airline companies, differ from that of other originally assessed property. The owner or holder of the commercial aircraft not owned by airlines must return their personal property list to the assessor and must inform the assessor of the claim of "commercial aircraft" and their request to be centrally assessed based on their prorated miles.

The Commission assesses both types of commercial aircraft based upon the ratio of Missouri miles to system-wide miles, and certifies the value to the county clerks and the owner or holder of the commercial aircraft by June 15th. If the owner or holder of the commercial aircraft wishes to formally contest the value, they must appeal to the Commission by August 15th. Counsel for the Commission represents the Commission's Original Assessment Section in the appeal hearing, with a duly appointed hearing officer hearing and deciding the case.

State Tax Commission Annual Report - 2010

The State Tax Commission also is authorized to assess the real and personal property of assessing officers.

PROPERTY TAX APPEALS

The State Tax Commission is empowered to hear appeals from the various local boards of equalization. In all counties and the City of St. Louis, the appeals must be filed with the State Tax Commission by September 30 or within thirty days of the final action of the board, whichever date is later. The State Tax Commission acknowledges receipt of the appeal, sends a copy of the complaint to the local assessing officials, and sets the matter for hearing in the county of origin. A Commission hearing officer hears the appeal and a record of the proceedings is made. An order is issued which either sets aside or sustains the decision of the local board and orders the assessment rolls to be amended to reflect the decision. The decision of the hearing officer may be appealed to the circuit court of the county in which the appeal originated.

State Tax Commission Annual Report - 2010

CHAPTER III

Section 138.450 RSMo provides as follows: "The Commission is empowered to call an annual group meeting of two or more assessors at such time and place as it may designate, due notice of which shall be given by the Commission."

MEETINGS WITH COUNTY OFFICIALS

Throughout the year, agents or members of the State Tax Commission conducted and attended meetings with county officials instructing and advising county officials of their duties and the laws governing the same; and generally aided them with various problems occurring during the year. Agents or members of the State Tax Commission conducted over 1,800 meetings with county officials during the 2010 calendar year. These meetings have assisted assessors and other county officials in making more uniform and equitable assessments of the various classes of property and caused to be placed on the rolls some property heretofore omitted.

State Tax Commission Annual Report - 2010

CHAPTER VI

COUNTY VALUATIONS

PRIOR TO THE COUNTY BOARDS OF EQUALIZATION

July 1, 2010

The following locally assessed values reflect the valuation of each county, respectively, as certified to the State Tax Commission prior to the annual meetings of the County Boards of Equalization

County	Total Rural Lands	Total Incorporated Town Lots	Total Tangible Personal Property	Total Assessed Valuation
Adair.....	55,810,500	119,812,710	48,579,944	224,203,154
Andrew.....	92,858,510	54,467,030	40,883,410	188,208,950
Atchison.....	53,075,891	21,979,196	25,278,096	100,333,183
Audrain.....	108,377,015	114,284,600	70,873,463	293,535,078
Barry.....	196,134,148	114,647,756	115,862,291	426,644,195
Barton.....	52,287,280	51,504,290	55,740,496	159,532,066
